June 18, 2007

Dear NYU Medical Center Vendor:

We are committed to providing the highest quality care to our patients and conducting our business with integrity and in compliance with applicable federal and state laws and regulations. To this end, we have a compliance program in place that we expect all employees and all persons and entities with which we contract to comply. For more detailed information about our compliance program, please visit our website at www.med.nyu.edu/compliance/.

As a participant in the Medicaid program, we are required to comply with the terms and conditions of the Deficit Reduction Act of 2005 (the "Act"). In accordance with the Act, we are required to establish written policies for all employees and contractors or agents. These policies must provide detailed information about the Federal False Claims Act, federal administrative remedies for false claims and statements, the New York State false claims provisions, state penalties (both civil or criminal) for false claims and statements and whistleblower protections under such laws, and the role of these laws in preventing and detecting fraud, waste, and abuse in federal health care programs.

As required by the Act, we have established such a written policy. A copy of the policy is enclosed as well as a summary of the aforementioned state and federal provisions including website links for more detailed information about these laws. We ask that you take a moment to review the policy and become familiar with the listed laws. After review, please educate all of your employees and agents about federal and New York State false claims acts and provide them with a complete copy of the policy. We also ask that you agree to adopt this policy, which can also be found at www.med.nyu.edu/compliance/assets/FedFalseClaims_WhistleblowerProtections.pdf.

We appreciate your continued cooperation with our compliance program. If you have any questions about this program or the enclosed policy, please feel free to contact me at (212) 404-4078.

Very truly yours,
Thomas M. Feuerstein
Vice President, Audit and Compliance
